

ARTIST STATEMENT

The proposed artwork refers to the historical aspect of Canterbury with the depicted orchards and grassland in the background all through the mural. The main character with her feels for fashion, wellbeing and connection to the area reflects a more modern side of the area: today's shopping strip and people emotional bond to Canterbury.

The stylized vine is linking the centre character to the bold botanical elements of the stylized landscape.

The colour palette is bold yet complimenting and elegant, contrasting with traditional flashy street art. The refined colour palette is more in tuned with the character of the area, emphasising this sense of sophistication through art.

PLEASE NOTE that the proposed design is a first draft in moderate details. The main character will be more finely painted with skin tones and colours, shading etc. Even though the background will remain stylized to keep a modern touch to the mural it will also be painted in more details. The concept design can and will be refined if selected according to feedback.
