

# Canterbury Connect

## Projects & activity update:

### CANTERBURY COMMUNITY ACTION GROUP

---

#### **Maling Road Events**

Come down to Maling road any Saturday in February to hear musicians playing between 10 am and 1 pm. The musicians are being sponsored by Maling Road business association and Boroondara Council.

The Maling Road Business Association and Boroondara Council on Monday February 8 announced film nights to be run on February 13, 20 and 27. Sell out bookings were achieved by Monday evening. The popularity of these free film nights on this occasion hopefully augurs well for similar future events and congratulations to the organisers.

#### **Canterbury Community Precinct**

After a considerable delay caused by external planning approvals, we have been advised that Council are now expecting to issue permits that will allow the Building Contractor to finalise the plan of work.

Work is now expected to commence late February / March and based on initial planning time frames we can expect to see the works completed late in 2022.

#### **CCAG Future Depends On Your involvement**

The Annual General Meeting of Canterbury Community Action Group (CCAG) will be held mid March and CCAG urgently requires a passionate Canterbury resident to assume the important role of President because our president for the past 6 years is stepping down. We are also seeking new committee members to ensure CCAG has a minimum of six committee members to spread the workload and provide fresh ideas into the CCAG role for progressing the future as well as protecting the past

If there are no nominations for President and there are insufficient nominations for the committee roles, a number of special resolutions will be proposed including one to wind up CCAG.

For more information on CCAG visit our web site at [ccag.net.au](http://ccag.net.au) .

The date of our AGM will be posted once the date is finalised.
