

# Canterbury Connect

## Projects & activity update:

### CANTERBURY COMMUNITY ACTION GROUP

---

## Nocturnal Activities in Canterbury - Can You Help?

Since mid year there has again been an increase in vandalism in Canterbury gardens, and at the Canterbury station and Maling Road precincts.

As a result of these activities we have seen;

- Glass containers deliberately smashed and left on hard surfaces
- Recently planted and established bushes and trees stolen from Theatre Place
- Damage to lights both in the gardens and at Theatre Place
- Attempted burning of books stolen from outside Canterbury Bookstore at the station.

Discouraging for BCC employees and community volunteers involved in efforts to improve community facilities, who then have to rectify the damage caused.

**We need community help to minimise these occurrences?**

## Spring Flowers at Canterbury Station and Theatre Place

With the start of spring, you will have seen the display of flowers adjacent to the walkways at Canterbury station.

Canterbury Stationers, [CS] have been working to achieve this display for the last 3 years . They have been supported by members of the community who have donated many of the plants currently blooming.

Apart from work on the Station precinct gardens, CS have also worked in conjunction with Canterbury Friends with regeneration of the elevated garden at the end of Theatre Place.

Canterbury Friends, who work under the Boroondara Council volunteer assistance program are also seeking community member assistance for activities initially covering the Maling road precinct.

**Interested in being involved?** Please contact John Constable, Wendy or Tim Wilkinson for further information. Contact details follows;
