

# Canterbury Connect

## Projects & activity update:

### CANTERBURY COMMUNITY ACTION GROUP

Welcome to **Canterbury Connect**, our new monthly publication from the Canterbury Community Action Group (CCAG), where we aim to update and inform our community about the latest CCAG activities and local interests around Canterbury.

CCAG, is a local community group, which is all about linking our community, across organisations, businesses, council and residents by facilitating desirable outcomes both large and small which benefit Canterbury Community.

We are actively involved in a large variety of projects, some of the most recent ones are listed below

- Maling Road Placemaking project participation.
- Lobbying for improved car parking, pedestrian access and safety around Canterbury Station and Maling Road.
- Canterbury Stationeers mural and garden.
- Murals planned for the Maling Road precinct.
- Meeting with council on other proposed improvements within our community.

To read up on the latest information and progress on all our projects go to <https://ccag.net.au>. The recent addition of the Maling Road Place Plan is an interesting read!

Canterbury Connect will be emailed directly to CCAG members, via our website, the Theatre Place notice board and Canterbury History Group Facebook.

We are appreciative of Canterbury History Group's support and look forward to future collaborations.

We welcome contributions and involvement by **all** Canterbury residents so please contact us. Email and telephone contact details are available on our website at <https://ccag.net.au>
