

Canterbury Connect

Projects & activity update:

CANTERBURY COMMUNITY ACTION GROUP

Maling Road Place Plan

The Maling road Place Plan has been released by Council and we welcome your comments on the plan. Email your comments to connect@ccag.net.au

The plan can be accessed via our web site at <https://ccag.net.au>

We have held meetings with Council aimed at obtaining an understanding various aspects of the plan including improvement in the overall implementation timeline.

Initial works have commenced in Maling Lane beside the old Post Office building.

For a number of years CCAG have been lobbying for out of sight waste handling of commercial premises waste. We are excited that council are working on this project. We expect to hear more shortly on when this will be implemented.

Boroondara Heritage Facade Maintenance Grants close September 14

Canterbury Community Precinct Development

Council have announced that they plan to commence works on this project late in September and are currently planned for completion early in 2022.

For further information visit the Boroondara website page “New Community Precinct in Canterbury “

Climate Action Plan

Have you completed the Boroondara Council Climate Action Plan survey?
Submissions close on September 14.

CCAG members have attended a number of webinars on this subject and as a result have asked Council for further information so that we may make a well informed submission.

Send to us your views on submission content at connect@ccag.net.au
